The list includes: Armani, American Eagle, Clarins, Diane Von Furstenberg, Forever 21, Max Studio and The North Face. Coach, Columbia sportswear, DKNY, Hugo Boss, Polo Ralph Lauren and Tommy Bahama are existing stores that will be relocated to this new section called The Promenade. Additional stores opening this year to replace the stores relocation include: Saucony, Sperry Top-sider, Swarovski, Victorinox Swiss Army and more. ## *27th Avenue Street Light Illumination Project*

You've probably noticed we are doing some work down 27th Ave and 88th Street in Quil Ceda Village. We are putting in 48 energy saving florescent street lights. It was a hard fought fight for funds from the American Recovery and Investment Act (ARRA). After acquiring those funds we were able to apply for funds from the BIA's safety enhancement project funds.

The lights are excellent for Washington State weather. They work well in the fog, winter and bad weather in general. They are florescent, energy efficient lights and the rest of Quil Ceda Village has already been converted. These lights will help our customers, employees and tourists feel safer.
